## **WE BUILD OUR FOUNDATION ON THE PERSON AND TEACHINGS OF JESUS CHRIST; A THAT FOUNDATION WILL HOLD.**

I walked out the back door onto the deck and there it was. Our kids, Josh and Sarah, in elementary school at the time, had built what they called a "fort". They had found pieces of wood in the garage, including two large pieces of old paneling, hauled it out to the yard, and assembled the pieces into a fort. They were very proud of their accomplishment and smiled as they explained how they built it. As a father I complimented them on their hard work and their creation. As an adult I was thinking – "They are too young to know how to design and build a fort that is safe and strong. One gust of wind and that fort will fall". I kept those thoughts to myself.

Without knowing God's design for life, we just throw the pieces of our life together as best we can and call it good. We really do not know what we are doing. We have no prior experience. We only live our life once. And unfortunately, what we manage to throw together is easily damaged by the storms of life. As we believe in and follow Jesus, we learn God's design for our lives. We build our foundation on the person and teachings of Jesus Christ; a foundation that will hold. Then we begin to carefully build the other parts of our life – relationships, family, finances and work – according to God's design. We end up with a life strong and sturdy enough to withstand the storms of life. We end up with a life that honors God and a life that we enjoy.

We will conclude our God's Design series on February 8th. Pastor Mark will lead us in an Outreach and Mission Sunday on Feb. 15th, and we will begin our Lent series on Feb. 22nd. Join me as we find our spiritual home in Jesus Christ! - Pastor Steve
